Report on Guest Lecture

The Department of Engineering Sciences has organized the Guest Lecture on dated 27th April 2021 at I²IT, Pune for FE students on “Concept of Wave Function in Quantum Mechanics”. A total of 189 students has attended the guest lecture.

Due to the Covid-19 pandemic, the Guest Lecture was conducted through online mode (Google meet). The link is shared with all the students. The guest resource person was heartily welcomed by a student Piyush Kale. Prof. (Dr.) Chandrashekhar M. Mahajan (Professor and Head of DESH, Vishwakarma Institute of Technology, Pune) was the resource person for the Guest Lecture. He has a total of 21 years of academia and research experience. He is also a well-known a consultant for solar thermal flat plate collector and Solar concentrator as well. In his talk, he emphasized the importance of Concept of Wave Function in Quantum Mechanics & their implementation to model real-world problems. The resource person has cleared all doubts/queries asked by the students. The event ended with a vote of thanks by a student Ganesh Dhumal.

As per the feedback received from the students, it was a very good learning experience, the guest lecture helped them in their understanding of the Concept of Wave Function in Quantum Mechanics. The students have requested to conduct more guest lectures on relativity and material science.
